

Beyond the Square: Laminex® unveils seven new Squareform® Benchtops colours

Laminex has added seven contemporary new decors to its Squareform® Benchtop range, expanding its inspired benchtop offering to 31 decors that amplify every kitchen's sense of style.

A superior solution that offers the contemporary look of a stone slab with the practicality and economy of laminate, Laminex Squareform Benchtops replace sharp lines with seamless, softly formed square edges.

Developing unique, exclusive colours for the Australian market, the emerging decors concentrate on simple, soft patterns to deliver a look that replicates understated stone designs with low-contrast neutral colour tones.

To ensure the decors retain their timeless style, Squareform Benchtops feature an underside drip-groove that channels spills away from the benchtop surface and kitchen cupboards, and superior resistance to moisture and heat.

Laminex Squareform Benchtops come complete with a seven year limited warranty.

The seven new colours include:

Shadowplay, Peace Stone, Atmosphere, Terrasphere, Moose, Jordan Stone and Antarctic Stone
